Vacancy details

Position: UX/UI Developer

We are looking for a talented UI/UX Designers in Tbilisi.

You will be awaited by a small and highly motivated team in a start-up. The main focus of the company is to develop entertainment apps with the focus on TV and Mobile live streaming.

Your tasks will be :

- * Develop wireframes and click dummies
- * Create icons, logos and other graphics
- * re-validate results of development sprints

We offer you an exciting environment in the city of Tbilisi. A workplace with a relaxing theming, a bar, a lounge and a gaming room. Education is important for us, so we grant you free courses in the technical field.

The requirements are

- * Fluent English (Text/Speech)
- * Ability to work in a team
- * Experience in developing app designs
- * Knowledge of common UX guidelines
