My name is Michael, im 28 y.o. and on my way to be a Devops.

Im searching for a job in Georgia where I have been two times before.

Nowadays horrible situations that Putin started. I leave my job and have Benn on a protest agains regime. My relatives still on Ukraine. And time is came when government stole my feature and wanted to got me in a prison I become a fugitive.

I still believe in honest people and just don't give up and searching for opportunities to be a free human.

Thx for attention.
