I am a qualified teacher-librarian

GE01217581

My name is Irma Doockler (Trunov). I am retired now, and anticipating to stay in Tbilisi for about 6 months, starting from June.

I am an Australian, born in Russia, therefore I know fluently 2 languages: English and Russian ,

Was working in the Department of Education, NSW, Sydney as an Inspector, managing programs for English language Curriculum designed for Gifted and Talented children.

In Australia we do not have a Work books, specially, I am retired now and did not expect to apply for a work. However, due to the fact that I decided to go to Tbilisi for 6 months, and saw your ad, I have changed my mind, to make my staying in Tbilisi more engaged and interesting.

I can send you the copy of my professional qualification as a Bachelor of Arts issued by Australian Government (that is all what I have as i do not travel with all documents).

Yours faithfully.

Irma Doockler
